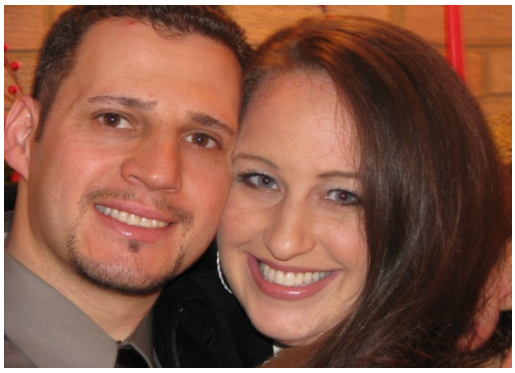
# **Petition** asking The United States to give a waiver of the 10 year bar against Claudio Marcelo Caruso and allow him to return to his family



I have become aware of Claudio's case through family and/or friends. I have knowledge of the situation and that Claudio did not leave the United States when he was asked. He was misrepresented; he tried to fix his case with a new lawyer to no avail; he had many family members in the United States with greencards and after he met his current wife and they were expecting a child, he got his final denial paperwork. Although I do agree that there needs to be some order in which immigrants come into the United States and I do acknowledge that Claudio Caruso should have left when asked, I am still asking for The United States to reunite this family and waive the 10 year bar. I believe Claudio Caruso has paid a great price by going to jail, losing his family, his home, his job, his community ties and the ability to support his wife and children. After hearing of the tragedy to this family and the depression that his wife and children are experiencing I am hopeful that there is something that someone can do.
