Looking Ahead

- We are officially open!
- We just received a grant to purchase playground equipment so we will need volunteers to help with the installation sometime in April or May.
- A Men's Ministry has committed to providing materials and constructing a laundry room and a meeting/storage room in the backyard at HHS.

"May your unfailing love rest upon us, Oh Lord, even as we put our hope in you."

Psalm 33:22

About House of Hope Sunnyslope

House of Hope Sunnyslope (HHS) is a new subsidiary of House of Refuge Sunnyslope. The HHS program will provide long-term assistance to single working mothers who make a strong commitment to developing the appropriate skills to recover from poverty and homelessness. Participants will benefit from a personalized program designed to achieve their ultimate goal of being self-sufficient without relying on any government or charity subsidies.

Through the Power and Love of Jesus, our **vision** is to offer single mothers and their children clean and safe housing, supportive services, and life skills coaching to enable them to become a self-sufficient, cohesive family unit.

Our **mission** is to provide single mothers the tools and techniques necessary to break the cycle of poverty by surrounding them with a dedicated team who will inspire hope and promote success through mentoring, goal setting, and accountability tracking.

We will provide single mothers the assistance to enable them to:

- Start or advance their career through training and/or education
- Achieve financial stability through subsidized living expenses, goal setting, budgeting, and financial planning
- Receive emotional and spiritual guidance through mentoring and Bible studies
- Receive assistance with caring for their children
- Experience a community that uplifts them and fills them with hope

Volunteer Opportunities

Family Support Team Member

One of the main components of the HHS program will be the involvement of family support teams who will walk alongside an individual family and encourage them as they embrace on this exciting, yet daunting experience. We are looking for women and men who would be willing to commit to a mother and her children for up to 24 months. Support teams would mentor their assigned family by offering spiritual and practical:

- guidance
- advice
- encouragement
- support

Most importantly, the families will witness love as children of God as they interact with their support team.

Life Skills Training

Another important component of the program is sharing life skills. We welcome volunteers with a passion for various topics like cooking, art, gardening, music, etc who would like to share their skills with the mothers and children at HHS.
